LinkedIn: www.linkedin.com/in/bala-shunmugam-m-66a546387

Objectives:

Postgraduate student pursuing an MBA in Operations with an undergraduate background in Electrical and Electronics Engineering. Equipped with strong analytical abilities and systems-level understanding, and a demonstrated interest in operations coordination, process optimization, and data-driven decision-making. Seeking an operations or management internship to gain practical exposure in a structured business setting.

Postgraduate Education:

- Pursuing MBA, Amrita School of Business, Amrita Vishwa Vidyapeetham, Coimbatore
  Specialising: Operations and Business Analytics
  Year: 2025-2027

Bachelor of Engineering, Undergraduate Education:

- Electrical and Electronics Engineering, PSNA College of Engineering and Technology, Dindigul CGPA: 7.12 , Completed in 2019-2025

Higher Secondary Education, Velammal Vidyalaya Viraganoor, Madurai

- Grade: 7.7, CBSE
- Completed in 2019

Secondary Education, Velammal Vidyalaya Viraganoor, Madurai

- Grade: 7.9, CBSE
- Completed in 2017

Technical Skills:

- Operations Management Fundamentals
- Process Mapping & Improvement
- Supply Chain Basics
- MS Project version 2021
- MS Excel version 2019 Institution: Microsoft
- AutoCAD 2D version 2021 Institution: Internshala, Completed at 2025
- Python Institution: UG Course included
- Matlab Simulation Design: UG Course included

Experience:

In-plant training:

Subload Dispatch Centre Pasumalai, Madurai (February 10th – 14th, 2025) :

Observed and supported **power distribution operations**, including load scheduling, dispatch coordination, and system monitoring.

Gained exposure to **SCADA-based operational control systems** and real-time decision-making in utility operations.

Understood **process flow, compliance requirements, and operational risk management** in grid operations.

Valathur Gas Turbine Plant Care System, Valathur (February 16th – 21h, 2025)

Completed a 5-day in-plant training at VGTPS Phase-I, gaining exposure to **gas-based power plant operations**, including turbine startup/shutdown procedures, operational control systems, generator operations, and auxiliary equipment management. Developed an understanding of **process flow, protection systems, and power evacuation mechanisms**, supporting efficient and reliable plant operations.

Project:

Topic: Smart Plant Care System

Designed an IoT-based smart plant care system to **optimize resource utilization and reduce manual monitoring.**

Enabled **automated decision-making** using sensor data and threshold-based controls.

Demonstrated application of **process automation, monitoring dashboards, and alert systems** relevant to operations and supply-chain environments.

Personal Strengths:

- Adaptability and flexibility
- Responsibility and reliability
- Time management

Personal Details:

Date of Birth: Jun 5th, 2004

Languages: English, Tamil

Hobbies/ Interests: Book reading, Editing

Place: Madurai

Home Address:

12-A, Ambigai Nagar 1st street,

Gomathipuram,

Madurai - 625020
